YOUR 100 WORD SUMMARY:

Hello! As your NUS Delegate, I will represent you on the issues that matter most – equality, student values, education and more! I stand for no discrimination whatsoever, and making university politics open and accessible to everyone, as well as making sure that issues that affect our lives and futures are brought to the table now. With my experience from last year's conference, and the UCLU Governance committee I understand what you really want, and would love to hear from you all with any ideas that you want putting forward!

YOUR MANIFESTO:

Against Racism - keep our campuses free from racist and fascist groups and keep our campuses safe for everyone.

Affordable Education – keep education affordable for all students regardless of their background.

Equality and Representation – a voice for all minority groups, regardless of gender, religion or sexual orientation on a local and national level

Clarity – NUS should make itself transparent, so that all members of the union can understand how they are being governed. My time spent this year on the UCLU Governance Committee further consolidates this.

Representing Student Values – Campaigning for students on their issues, and here to listen to you all the way.
