

CANDIDATE MANIFESTO

YOUR NAME:

Blake Shefford

YOUR DEPARTMENT:

Geography

THE POSITION YOU ARE APPLYING FOR:

Finance Committee Member

YOUR PHOTO:**YOUR 100 WORD SUMMARY:**

As captain of mixed lacrosse, I am very interested in the Union's finances, especially regarding the funding for clubs and societies. Fortunately, last year there was representation for sports clubs in the committee, however, this year, none of the sabbatical officers are involved in teams. I want to stand up for the funding of sports teams to ensure that they receive the correct capital for their level of ambition. I am an organised student juggling many extra-curricular activities and coupled with my personal interest in the financial and banking sectors, I would make a perfect candidate for election.

YOUR MANIFESTO:

As a member of the finance committee, I will ensure that:

- sports clubs receive fair funding in order to finance their individual events, kit and equipment.
- the process by which sports clubs reclaim expenses is made easier.
- the Union finances are invested correctly with the highest possible yield but at the lowest possible risk.
- the Union's capital is sustainable so that greater subsidies can be allocated to students if the government abolishes the capping of tuition fees.
- the capital going into projects, such as the Union's 2nd floor bar's continuing upgrade, is financially sustainable.
- the installation of a third ATM on campus is encouraged to minimise queuing times.
- UCL shops receive sufficient funding to ensure that the price of food products are regulated more efficiently in response to the recent price increase.
