

# CANDIDATE MANIFESTO

**YOUR NAME:**

Asif Hussain

**YOUR DEPARTMENT:**

Laws

**THE POSITION YOU ARE APPLYING FOR:**

Governance Committee

**YOUR PHOTO:****YOUR 100 WORD SUMMARY:**

I am a final year Law undergraduate, and this is my last chance to really make a difference in the Union. Through my role as treasurer of a UCL society I have had extensive exposure to how the Union and College works, and feel that this knowledge will be invaluable going forward into my role on the Governance Committee. As a former treasurer I really want to rid this Union of its crippling bureaucracy. I feel strongly about upholding the integrity of the Constitution, and maintaining a free and democratic culture in all that this Union does.

**YOUR MANIFESTO:**

1. My aim is to give something back to this Union which has done so much for me over the years, and so I will be fully committed to this position.
2. I believe that clubs and societies should be given more power, and be freed from much of the bureaucracy in the Union- the essence of good governance.
3. I will ensure that the UCLU constitution is upheld in its spirit as well as by the letter.
4. General meetings are the pinnacle of the show of democracy here at UCL so I will try my utmost to keep them in line with the Constitution, but at the same time not being too restrictive on the kind of things that can be discussed- as this the only forum that all students can attend.
5. I will look into the structure of how general meetings are held and propose the holding of more than two meetings a year, as it seems the student population have an increasing number of issues to discuss.

**VOTE!**
