

CANDIDATE MANIFESTO

YOUR NAME:

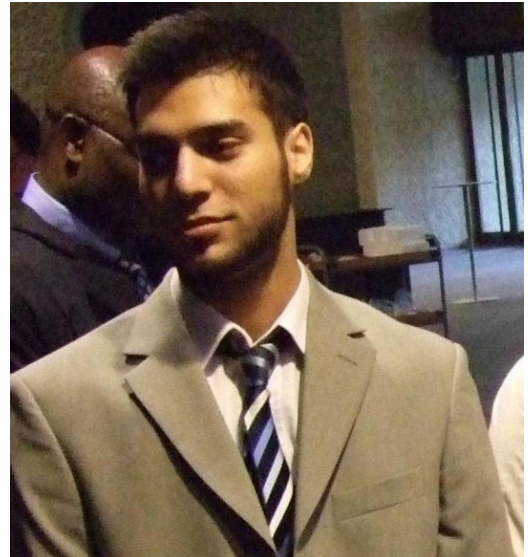

MOHAMMED RASHID AKHTAR

YOUR DEPARTMENT:

MEDICINE MBBS

THE POSITION YOU ARE APPLYING FOR:

GOVERNANCE COMMITTEE MEMBER

YOUR PHOTO:**YOUR 100 WORD SUMMARY:**

I'm a final year medical student at UCL. Having studied at UCL for 5 years, and in my 6th year, I feel that I have the knowledge and experience about the inner workings of the College and the Union to be a member of the Governance Committee. I have liased with many different sabbatical officers and union officials over the years, as President and then active member of a RUMS society, and feel very strongly about upholding the ethos of democracy at UCL by ensuring the full and thorough implementation of the UCLU constitution. In summary, Viva la UCLU!

YOUR MANIFESTO:

1. I will try my best to ensure the maintenance of the current UCLU constitution
2. I would like to review the structure of the committee and constitutions, and perhaps re-evaluate the delegation of power within the committee and indeed beyond it.
3. I will ensure that clubs and societies comply with the rulings of the UCLU constitution, and also fulfill and meet the goals of their own constitutions
4. Any chances that occur in clubs or societies should be reflected in their own constitution as well as in accordance of the UCLU constitution
5. I will coordinate matters relating to the holding of General Meetings.
6. Review current Union policy to ensure that the Union is fulfilling its mandate
7. I will consider issues of Union Governance arising from legislative or institutional requirements.
8. I believe societies now what is best for them, and thus want to be able to shift the balance of power away from the union to the presidents and treasurers, thereby giving societies more freedom in what they wish to do – the true essence of student nature.
9. I am not here to be a bureaucrat but I plan to use my time in the committee to continuously look for ways to improve the union.

VOTE!
