

# CANDIDATE MANIFESTO

**YOUR NAME:**

Salim Malik

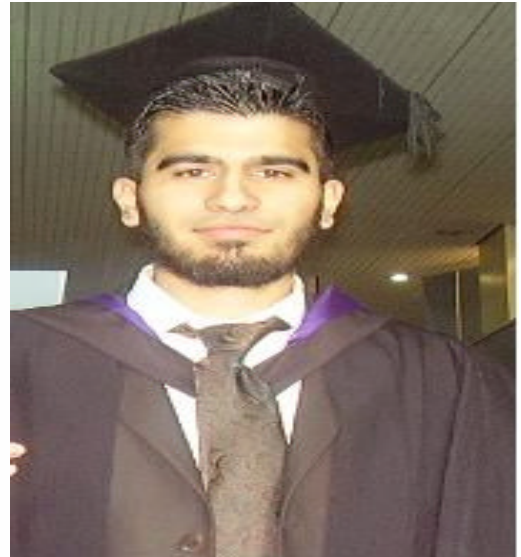

**YOUR DEPARTMENT:**

Surgery and interventional science

**THE POSITION YOU ARE APPLYING FOR:**

Services Committee Member/ life sciences PG

**YOUR PHOTO:**

**YOUR 100 WORD SUMMARY:**

Having just ended a somewhat long and tiresome (though thoroughly enjoyable) three-year journey on my BSc, I'm back again ready to start the next chapter after enrolling onto the Musculoskeletal sciences MSc programme. Having been at UCL for over three years now I feel I have got to know the student population well enough to be in position to serve them once again. In the past I have held a wide range of positions with the union and outside which have included: services committee member, life science and biomedical sciences representative, as well as acting treasurer for a union society.

**YOUR MANIFESTO:**

I aim to:

- Ensure the highest possible standards are delivered in fulfilling my role
- Take into account the needs of the students, when acting.
- Bringing much needed experience and high level of depth and understanding to the position.
- Encouraging and promoting new ideas in improving efficiency to the role.
- A independent acting voice for the student population.

**VOTE!**
