YOUR NAME:

Alex Fleming-Nouri

YOUR DEPARTMENT:

Medical School

THE POSITION YOU ARE APPLYING FOR:

Faculty Representative for Biomedical Science
(UG 1st Year place)

YOUR 100 WORD SUMMARY:

I'm a first year medical student at UCL (living in Ramsey). I'm originally from Liverpool and I'm a big Liverpool fan (I probably just lost the votes of all Man U fans!). Am often to be found in The Court or in the Union (but only on the cheap drinks nights!)

YOUR MANIFESTO:

As a representative, I will work to ensure that the opinions of students are heard at the union. Currently, the union suffers as many students, especially first years, are unaware of its presence. I hope to increase participation by making more people aware of what the union does, and how it affects them!
