

CANDIDATE MANIFESTO

YOUR NAME:

Andrew Tranter

YOUR DEPARTMENT:

Chemistry (Chemical Physics 2nd Year)

THE POSITION YOU ARE APPLYING FOR:

Maths & Physical Sciences Faculty Rep (Open)

YOUR PHOTO:**YOUR 100 WORD SUMMARY:**

If elected I would represent your views to the best of my ability. I believe my tenacity and commitment to democracy would help substantially with getting your views out there, and that my background studying Chemical Physics will help me understand issues from many perspectives within the Maths & Physical Sciences Faculty. Finally, I would encourage greater co-operation between the departmental societies within MAPS, hopefully assisting in the creation of more events for students in the entire faculty.

YOUR MANIFESTO:**Who am I?**

I am currently a second year Chemical Physics student.

Why vote for me?

- The multidisciplinary nature of my degree has given and will continue to give me experience of the issues which affect students across the whole faculty.
- I served as Campbell House Hall Representative in the 2008/2009 year, a role which allowed me to develop a familiarity with the democratic structure of the Union.
- I have a very strong passion for democracy and would represent your views irrespective of my own personal opinion.

What would I do for you?

- If elected, I would ensure that I was always contactable via e-mail, facebook or in person to resolve issues.
- I would represent your views to Council and to the relevant people inside and outside the faculty, and I would push for a more open and accessible Union.
- Finally, I would try to encourage more events involving multiple societies within MAPS.
