

Vote Andrew Caddy For Finance and Democracy Officer

I am an Art Historian who has been an active member of the Musical Theatre Society since my first year. I have been elected the society treasurer, directed a sell-out show and performed in a variety of others. I am also a member of the Jazz and Drama societies.

As the treasurer of the Musical Theatre Society I have gained experience in managing sizable show, event and workshop budgets and have proved myself to be well organised with regard to the managing of the societies finances. The position has also given me a working knowledge of the union and it's democratic systems.

If elected to the position of Finance and Democracy Officer I will strive to:

Maintain, promote and advertise the democratic rights of all members of the Union by:

Continuing the current officer's efforts to include a greater part of the student body in Union decision making, especially with regard to attendance at union meetings.

Improve the working relationship between the sabbatical officers and the heads of clubs and societies by:

Advertising the availability of additional grants that can be used to help clubs and societies develop and diversify and spend time discussing the validity of applications in surgery hours.

Improving the training of incoming heads of societies to ensure that a detailed hand-over happens between them and the outgoing position holders.

Rewriting the "Running a Club or Society" literature dedicating separate instructions for running sports clubs and arts societies.

Explore new ways of increasing revenue in the long term by investing in services that improve the student experience such as:

Investing money to improve the facilities of the Edward Lewis Venue to make it a desirable alternative to the Bloomsbury Theatre and the Garage Theatre Workshop.
