

\*\*\*\*\*VOTE FOR MARKET\*\*\*\*\*

## **Background**

I am a 1<sup>st</sup> year EBES student currently running for the position of Vice - President of the SEES committee. As an East European - Czech! - myself yet having been partially educated in the UK and Asia (China, South Korea and India) I feel I perfectly fit the awesomely multicultural environment of SEES and I am greatly motivated to take up on an active role within the community.

## **Previous experience**

My rather pro-active attitudes and passion for travelling and politics has led me to get involved in international youth politics over the past few years. Based on a fierce selection process I was invited by the German Federal Foreign Office to be one of the representatives of the EU at the *1<sup>st</sup> session of the Euro-Mediterranean Youth Parliament* as well as to participate in the *Round Table Talks* – conference with German and Polish prime ministers and several time witnesses on diplomatic negotiations that led to the fall of Communism in Eastern Europe. Last but not least, I have attended 15 conferences of the European Youth Parliament across the continent, last of which I have Vice - Presided.

## **Manifesto**

I believe that the main purpose of the SEES committee is to assist their students in order to create better learning and social environment for the community as a whole. Therefore, as a potential Vice – President I would like to focus my activities in the following two core areas:

- **Assisting the students to maximize their SEES experience,**
- **Working closely with the President as well as other members of the committee in order to achieve efficiency in implementing ideas and projects.**

I wish to achieve those improvements by implementing following ideas:

- **Exploiting my existing networks in order to provide better information to SEES students about existing cultural events related to Eastern Europe in London,**
- **Working more closely with the SEES community – enquire more about their opinions on the functioning of the committee and events being held over the year, encourage proposals on how to further enhance our activities,**
- **Increasing the interactiveness of the socials to ensure that students within the community get to know each other better,**
- **Introduce an Eastern - European film night at fortnight bases showing most distinctive pieces of the regional cinematography,**
- **Create informal buddy groups for students learning East European language/going on a year abroad to the region with a volunteer native student from the respective country.**

\*\*\*\*\***Thank You for considering my application. Please, vote for me!**\*\*\*\*\*
